WEEKLY GRIEF GROUP THERAPY

“

Share the burden
Heal within
Find hope

The General Grief Group meets weekly and provides a combination of learning and processing grief and the individual's grief experience. The group is led by a licensed professional who presents a topic each week that encourages discussion and participation by each group member.

MONDAYS, 5:30-7:00PM

FACILITATED BY: JAN CLIFFORD, LPC-S

- ✓ **7 - 10 percent of bereaved adults develop persistent symptoms of prolonged grief disorder (American Psychiatric Association, 2022)**
- ✓ **Prevalence of prolonged grief disorder can be as high as 49% among survivors of traumatic loss**
- ✓ **Of those with prolonged grief disorder, 33.9% also met criteria for PTSD and 30.2% met criteria for Major Depressive Disorder (Rheingold AA, Williams JL, et al., 2024)**
